

KROMA Orange Barrier for Construction

A COST EFFECTIVE, MID-LEVEL BARRIER IN 8 PRIMARY COLORS.

IN STOCK AND
READY TO SHIP

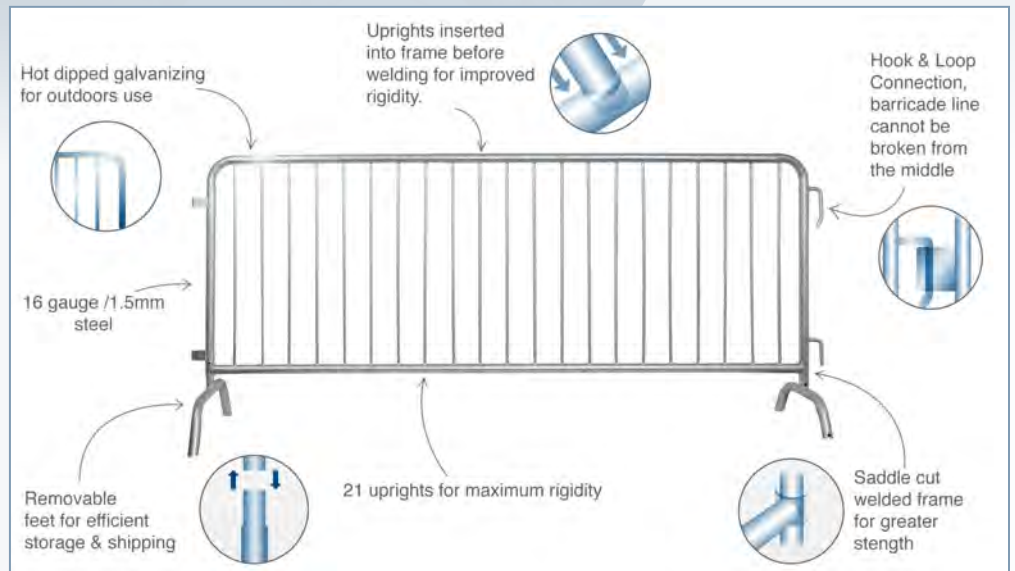

Mid-level alternative between the Classic Blockader and best-in-class Standard. Demand for this steel barrier variation in primary colors is so great, Blockader has added it to our wide selection of barrier options.

Blockader is known for exceptional quality

- ▶ Full 2.5 meter length, plus hook. Not the shorter 90" frame.
- ▶ Bolt on replaceable bases: flat and bridge
- ▶ Available in 8 brilliant colors

These barricades are built for long-term weather resistance. Manufactured from heavy gauge steel, they provide superior weather protection. The barricades interlock using the broad hook standard. This is compatible with many existing inventories.

What Color Do You Want?

FEET OPTIONS

BRIDGE FEET (PAIR)

Offers maximum stability on uneven surfaces, such as grass.

Principal corners allow the small bridge base to pivot within the diameter of the large base; assuring maximum stability.

FLAT FEET

A lower profile than the bridge base.

Features rubber inserts to avoid scuffing indoor surfaces.

ALSO AVAILABLE:

STEEL BARRIER CART

Quickly set up and tear down crowd control lines.
